

## Civil Engineer

**PACE Engineers, Inc.** is an employee-owned company providing quality professional civil and structural engineering, planning, surveying, and construction management services from offices in Kirkland and Seattle, Washington and Oregon City, Oregon. We have successfully completed projects for a wide range of clients in both the public and private sectors throughout the Northwest.

We offer a competitive compensation package including medical/ dental, short and long term disability, life insurance, long term care insurance, 401(k) program, ESOP, paid time off, wellness reimbursement and incentive bonuses.

**We are searching for a Civil Engineer/Project Engineer to join our Kirkland, WA team. Candidates will possess a strong background in utilities (water, wastewater, stormwater) engineering, and/or design of streets, roadways, and earthworks.**

### Responsibilities

- Preparation of plans for submittal to various review agencies, design of utilities, including storm and sanitary sewers, waterlines, waterline sizing, grading and drainage plans, earthwork volumes and storm drainage calculations, street improvements, construction documents and all supporting documentation.
- Provide project team leadership in meeting schedules and budget.
- Prepare written communication to client and agencies.
- Modeling efforts would include master planning, system analysis, future alternatives, and working with design engineers.

### Qualifications

- Knowledge of AutoCAD
- Knowledge of LDD (Land Development Desktop)
- Working knowledge of Hydraulic modeling software (MWHSOft, Hydra, XPSWMM, MOUSE)

### Education

- Bachelor's degree in civil engineering
- P.E. license preferred

### Experience

- Three to five years of civil engineering experience with Municipal Water and Wastewater Systems Planning and Design.
- Experience with stormwater modeling and software is a plus.
- Experience with GIS software is desirable.
