

CREW CHIEF

bluedot group, now a part of PACE Engineers, Inc., has an immediate opening in our tight-knit, supportive, and dynamic Tigard survey group for a **Crew Chief**.

What position we need:
Crew Chief

Future team members may apply at
<http://bit.ly/CrewChiefOR>

We're looking for someone who:

- Will manage field personnel safety decisively
- Will work with leadership to maintain a positive, productive, and fun place to work
- Can manage the operations of a field crew, work independently, and has the ability or desire to work in the office at times to meet project needs
- Can set-up and operate a robotic total station for:
 - » Control Traversing
 - » Topographic Mapping
 - » Boundary Evidence Collection
 - » Point Layout
- Can (or has the desire to learn how to) operate GNSS/GPS based receivers for:
 - » Static Surveys
 - » RTK Surveys
- Can perform differential levelling
- Can lead a field crew, and has a desire to grow as a leader
- Values continued education in surveying

What educational background you will need:

We understand that a combination of experience and education leads to surveying success. LSIT is preferred, but not required. If you have the abilities we want to talk to you.

What we're offering:

We offer the ability to grow in your profession and advance your career. We also offer a competitive compensation package including:

- Medical
- Dental
- Short and long term disability
- Life insurance
- 401(k) program
- ESOP
- Paid time off
- Transit reimbursement
- Incentive bonuses.

bluedot group | PACE provides land survey support for a wide variety of internal and external clients. Their work includes: Transportation Design Surveys, Municipal Infrastructure Design Surveys Land Development Surveys, Construction Layout and Management Surveys, and ALTA and other Boundary Surveys, and solve unique measurement needs using terrestrial LiDAR. We utilize Trimble technology predominantly for conventional and GNSS/GPS measurements, with some Leica digital differential levelling equipment and FARO technologies scanning equipment.

PACE Engineers, Inc. is an employee-owned company providing quality professional civil and structural engineering, planning, surveying, and construction management services from offices in Kirkland and Wenatchee, Washington and Lake Oswego and Tigard, Oregon. We have successfully completed projects for a wide range of clients in both the public and private sectors throughout the Northwest.

PACE is an Equal Opportunity Employer
